

INSIGHT/OUT

By Bill Miller

“I don’t suffer from insanity, I enjoy every minute of it.”

J. C. High Eagle

Our Fellowship member and dear friend, Linda Nugent, Astrologer, updates us on the challenges and opportunities for growth and expansion in the attached May/June Astrological Forecast.

Patty Rhone, our beloved Fellowship Board of Directors’ Secretary and friend, made her transition this month peacefully. Her family was attentive and provided constant support and love during this challenging time. Cynthia and I visited her a few days before she passed and expressed our love and gratitude for her loving friendship, for her service as Secretary to the Fellowship, and for the many joyful gatherings we have shared with Patty and John over the past several years. John Rhone has now assumed the Secretary/Treasurer position on the Board, for which we are very grateful.

Although finding these pandemic times challenging, I am grateful for the Fellowship’s wisdom and resources (Mantra Prayer, World Prayer Circle, Light Attunement, Heart Meditation) which enables me to center myself daily and to better process the difficult physical, emotional, and spiritual experiences in these turbulent times. This daily practice of attuning to the Higher States of Consciousness allows me to move out of my “adulterated” state of the ego into the service of Spirit -- without fear, anxiety, or depression -- and into acceptance of a Higher Purpose through my experiences. By doing so, I may take a licking...but I keep on ticking.
