Celebrating our 57th Year!

APRIL 2018

World Prayer Bulletin #500

Dear Friend and Light Worker,

Prayer is a great and beautiful force of energy. Because you are here to be part of the greater good of the planet and its activities, your prayers should always include Mother Earth and its fulfillment, as you look forward to a future brought forward through prayer and Light which seeks answers from that which is beyond comprehension. Prayer **does** bring you security. Prayer **does** bring you help. Prayer **does** bring you the fulfillment of that which you desire individually or collectively. Prayer brings that which is rightful within the Creator's Will and Grace. Keep your prayers constant. Do become fulfilled through prayers of Light and Love and Peace, not just for self but for the **collective** action of the planet Earth.

PLEASE PLACE THE FOLLOWING INTO PRAYER, ADDING OTHERS OF YOUR CHOICE:

- We pray that all prophecies of "gloom and doom" be transmuted from gloom to bloom.
- We pray that the GESARA (Global Economic Security and Reformation Act) and NESARA (National Economic Security/Stability Reformation Act) produce the most benevolent outcomes for our nation and humanity.
- We pray for the elimination of weapons of mass destruction and their use within and on our planet and from outer space.
- We pray that world hunger, homelessness, poverty, racism, and illiteracy be ended throughout our planet.
- We pray that the compromising and corrupting of private and public sector information be eliminated.
- We pray that the consciousness of humanity be raised to accept all religions and ethnic groups without hatred, prejudice, or judgment.
- We pray that all media channels become outlets of Light and Truth for all humanity.
- We pray that a solution for immigration reform manifest in a way which creates the most benevolent outcomes for everyone.
- We pray that the escalating number of fires, droughts, tornadoes, floods, earthquakes, and other extreme weather patterns be minimized or eliminated through Light and prayer.
- We pray that all forms of viral, bacterial, fungal, super-bug infections, and epidemic and pandemic illnesses be eliminated and that people's vibratory energy be raised to strengthen their immunity to all disease.
- We pray that as we experience daily events that may be beyond our comprehension, we remember to center ourselves in Light and love.

With grateful hearts, we hold and energize the vision of a healthy Earth with pristine air, lands, and waters; with peaceful, joyous peoples—fulfilled, self-empowered, loving, and grateful—who live in an abundance of all good things, and who hold and energize an ever-evolving higher spiritual vision.

Thank you for your prayers and financial support, and we pray that you, our Fellowship family and friends, be kept within special healing and security in body, mind, and Spirit.

We ask that God's Will be done in regard to all situations mentioned above, and those added. We pray for rightful action and the highest good of all concerned in those situations, giving thanks to our Father-Mother God for help and continued guidance.

William Miller, D.D., President
