OCTOBER 2017

WORLD PRAYER BULLETIN # 494

Dear Friend and Light Worker,

In this intense time of the transformation of our planet, let us empower ourselves and the Forces of Light to create a New Earth filled with the Grace of our Blessed Creator. This affirmation may be repeated daily to accomplish this goal.

“With grateful hearts, we hold and energize the vision of a healthy Earth with pristine air, lands, and waters; with peaceful, joyous peoples — fulfilled, self-empowered, loving, and grateful — who live in an abundance of all good things, and who hold and energize an ever-evolving higher spiritual vision.”

PLEASE PLACE THE FOLLOWING INTO PRAYER, ADDING OTHERS OF YOUR CHOICE:

- We pray that those affected by the radical weather patterns in our nation and in others be helped in every way, and that their immediate physical and emotional needs be met—their living conditions improve, and the rebuilding requirements of their communities be satisfactorily initiated and completed.
- We pray that the GESARA (Global Economic Security and Reformation Act) and NESARA (National Economic Security/Stability Reformation Act) produce the most benevolent outcomes for our nation and humanity.
- We pray that changes to the Affordable Care Act (ACA) provide comprehensive and affordable medical coverage that will enrich the lives of all our people.
- We pray that world hunger, homelessness, poverty, racism, and illiteracy be ended throughout our planet.
- We pray that the compromising and corrupting of private and public sector information be eliminated.
- We pray that the consciousness of humanity be raised to accept all religious and ethnic groups without hatred, prejudice, or judgment.
- We ask that advanced methods of healing — including those using sound, color, vibration, and dream therapy from the Temple of Aesculapius (the Greek God of healing) — as well as traditional medical approaches be available and affordable for all people.
- We pray that all types of bullying of children and adults stop and that kindness and respect prevail.
- We pray that the increasing confrontation and violence between police and citizens throughout the planet be peacefully resolved.
- We pray that all media channels become outlets of Light and Truth for all humanity.
- We pray that a solution for immigration reform manifest in a way which creates the most benevolent outcomes for everyone.
- We pray that effective methods be found to safely dispose of the vast amounts of toxic waste accumulating worldwide.
- We pray that all forms of viral, bacterial, and fungal infections and pandemic flus be eliminated and that people’s vibrational energy be raised to strengthen their immunity to all disease.
- We ask for assistance from Eugenia — and all Nature Spirits and forces of Light — that all radical weather patterns be minimized or eliminated through Light and prayer.
- We pray that as we experience daily events that may be beyond our comprehension, we remember to center ourselves in Light and Love.

Thank you for your prayers and financial support, and we pray that you, our Fellowship family and friends, be kept within special healing and security in body, mind, and Spirit.

We ask that God’s Will be done in regard to all situations mentioned above, and those added. We pray for Rightful Action and the Highest Good of all concerned in those situations, giving thanks to our Father-Mother God for help and continued guidance.
