Celebrating our 60th Year!

MAY 2021

WORLD PRAYER BULLETIN # 537

Dear Friend and Light Worker,

Our Spirit Teachers remind us that planet Earth is going through tremendous changes. Many people's lives are being drastically affected, as are global weather patterns and entire governments in many countries. The karma of humanity as a whole is providing challenges for everyone, in all areas, to overcome – which can be done if humanity collectively raises its consciousness toward a higher octave of beingness. It is time for many of these changes, while other may prove to be transient and pass away. Do not fear change, but simply place everything into God's Will for our highest good. Have *faith* that there will be a better tomorrow ahead, knowing that you are in the Creator's Hands.

PLEASE PLACE THE FOLLOWING INTO PRAYER, ADDING OTHERS OF YOUR CHOICE:

1. We pray that all acts of terrorism; cyberspace warfare; hate crimes; country, city, workplace and domestic violence; road rage; children killing other children and teachers; home invasions; and shootings be blocked and stopped and that the negative evil energies motivating them be cancelled.
2. We pray that any overshadowing energy of power and control influencing all institutions, media, and levels of local, state, and national government be replaced by transparency, honesty, truth, and good will.
3. We pray that the consciousness of humanity be raised to accept all religions, ethnic groups, and political differences without hatred, prejudice, or judgment.
4. We pray that all media channels become outlets of Light and Truth for all humanity.
5. We pray that affordable alternatives to fossil fuels be made available to all humanity.
6. We pray that all people continue to have freedom of choice in accessing nutritional supplements and complementary healing modalities, as well as traditional medical approaches, at affordable prices.
7. We pray that tension and conflict between the United States, China, Russia, Iran, Iraq, North Korea and any other nation be reduced or eliminated.
8. We pray that the infrastructure of our nation — including roads, bridges, tunnels, dams, transportation, electrical, water and informational systems — be made safe and secure.
9. We pray that peaceful demonstrations in support of human rights by people of all nations be allowed without military interventions, and all those involved placed into protection and Right Action.
10. We pray that GESARA and NESARA, the Global and National Economic Security and Reformation Acts, produce the most benevolent outcomes for all nations and all humanity.
11. We pray for positive, productive changes to occur in the economies and living conditions of all the nations on our planet.
12. We pray that viral, bacterial, fungal, parasitic, and super-bug infections, and epidemic and pandemic illnesses, like COVID 19 and the flu, be transmuted through Light and prayer and that people's vibratory energies be raised to strengthen their immunity to all disease.
13. We pray that the escalating number of extreme weather patterns be minimized or eliminated through Light and prayer.
14. We pray that our Spiritual vibration be heightened to discern Truth and Right Action in every situation.
15. We pray that as we experience daily events that may be beyond our comprehension, we access our highest discernment by centering ourselves in our Heart in Light and Love.

With grateful hearts, we hold and energize the vision of a healthy Earth with pristine air, lands, and waters with peaceful, joyous peoples — fulfilled, self-empowered, loving, and grateful — who live in an abundance of vibrant health, happiness, prosperity, and all good things, and who hold and energize an ever-evolving higher spiritual vision.

Thank you for your prayers and financial support, and we pray that you, our Fellowship family and friends, be kept within special healing and security in body, mind, and Spirit.

We ask that God's Will be done in regard to all situations mentioned above, and those added. We pray for rightful action and the highest good of all concerned in those situations, giving thanks to our Father-Mother God for help and continued guidance. ~ William Miller, D.D., President
